Creation Care: A Discussion Series on Environmental Stewardship

In the aftermath of the devastation of Hurricane Katrina, people are asking, “what does it mean to be stewards of God’s creation?” In this series we will review some of the science and engineering involved and discuss how to integrate theology, science, and policy as responsible stewards.

Tues. Sept. 27, 7:00–8:00 pm, Carlson C-56

Storm Warning: The Science of Global Warming
Johnny Lin, Assistant Professor of Physics

Wed. Sept. 28, 3:30–4:30 pm, Carlson C-28

Flood Warning: The Engineering of Water Resources
Johnny Lin, Assistant Professor of Physics

Fri. Sept. 30, 10:30–11:30 am, Isaacson Chapel

Panel Discussion on Integrative Environmental Stewardship

Panel includes:

- Alan Bjorkman, Associate Professor of Biology
- R. Boaz Johnson, Assistant Professor of Biblical & Theological Studies
- Linda McDonald, Assistant Professor of Physics

All sessions are free and open to the public. Sponsored by the North Park University Physics Department.
